### Doctors and **Dentists To Have Division**

In Community Chest Campaign This Fall

The plans for the 1936 Campaign of the Newton Community Chest, Inc., provides for three new divisions this year. One of them is the Doctors' and Dentists' Division, organized after consultation with members of the medical and dental professions in the city. It is headed by Dr. Frank R. Clark, well-known physician and surgeon.

Associated with him as captains, each to form a team, are Dr. Henry F. Keever, Dr. Harold G. Giddings and Dr. Charles D. Ansley, the last is president of the recently formed Newton Dental Society.

Drs. Keever and Giddings will form two teams composed of doctors in the city and will conduct a campaign for funds among all the doctors in the city. Dr. Ansley will form a committee entirely of dentists to campaign among all the dentists of the city.

The other two divisions will be covered in subsequent articles about the 1936 Campaign of the Community Chest.

### **Newton Boy Shot** Accidentally

Douglas Farrington, 11, of 183 Waverley ave., Newton, son of Mrs. Dorothy Farrington, was dangerously wounded Saturday evening when a bullet from a 22 caliber rifle entered his abdomen, took an upward course and went through his body. Craig Thompson, 19, who resides at the address, had been engaged in target practice with a chum in the cellar of the house during the afternoon. When the youths went upstairs they left two 22 caliber rifles on the stairway. After supper Douglas Farrington and his brother Phillip, 10, were together when Phillip picked up one of the rifles and it accidentally discharged. A phone call was sent to Dr. Robert D. Curtis of 156 Highland ave., Newtonville, who responded and gave the boy first aid. Young Farrington was then taken to the Children's Hospital where an operation was performed on Sunday. His condition is pital where an operation was per-formed on Sunday. His condition is reported as favorable.

### Dr. Oscar Martin Dies Suddenly At Rockport

Dr. Oscar Martin of 11 Hyde st., Newton Highlands, for the past 24 years a member of Newton High School faculty, faculty manager of athletics and hockey coach at the school, died suddenly of heart failure at Rockport on August 30. Dr. Martin was swimming a short distance from the shore when he was seized with a cramp. He was rescued by his daughter, Catherine S. Martin, and Richard Jarrell. He seemed to be recovering from the cramp when he collapsed. His daughter ran a half mile to a roadside stand to telephone for aid. Dr. Martin's wife, Mrs. Grace (Wood) Martin, and his other daughter, Eugenia Martin, were on an automobile trip to Washington and did not know of his death until they arrived back at their home.

It has occurred to me that you might be willing to readopt a practice you used so successfully 18 years ago when you first secured a nomination for Congress. That is, for the candidates in the Republican Primary to appear together publicly in each of the fittles and towns of the district and to speak to the voters upon the issues of the campaign.

Accordingly, I invite you to join me in a series of public appearances, one

### Republicans Open Headquarters

Headquarters

Definite evidence that the Republicans of Newton are intending to wage an active and intensive campaign is contained in the announcement that Headquarters will be opened at 89 Union st. Newton Centre. for Wards Four, Five and Six.

The Headquarters' purpose is to serve the general public, and will endeavor to cover entirely the large area on the South Side of the city, including Auburndale, Newton Upper and Lower Falls, Waban, Eliot, Newton Highlands, Oak Hill, Newton Centre and Chestnut Hill.

Various groups and different Republican organizations will join in keeping the Headquarters open, but all groups will be in charge of Mrs. Arthur W. Lane, of Auburndale; Mrs. William L. Pullen, of Newton Highlands; Mrs. Endicott Saltonstall of Chestnut Hill, and Mrs. Sydney B. Holden, of Newton Centre.

Flyers, banners, automobile signs, literature, campaign pins, information about all Republican candidates, and information regarding voting, registration, etc., will be available to the general public, and competent people, who have made a special study of this question, will be in charge at all times.

The Headquarters are attractively

The Newton WPA Orchestra gave another open-air Concert at the Auburndale playground Tuesday evening, which drew a large and appreciative audience of over a thousand music lovers.

ciative audience of over a thousand music lovers.

Many City and State officials complimented the Conductor of the Orchestra, Mr. Herman Sulzen, for his masterful conducting of a varied and colorful program thoroughly enjoyed by all. The park department under the supervision of Mr. Ernst Hermann, and Assistant Superintendent Lane, kept the crowds of children quiet during the orchestral playing, much to the satisfaction of the older folks who enjoy good music professionally played. Mr. Webber, Supervisor of Music of the WPA of Newton, deserves much credit for having such a fine body of musicians, engaged in this versatile orchestra.

During the school seasons the orchestra plays in all the Newton Public schools, where musical playing and instruction to the pupils, is heartily approved by the school department.

### Ask Mayor To Have Constitution Day Observed

The National Constitution Day Com-nittee has sent a request to Mayor Childs, in common with Mayors and Selectmen all over the country to issue proclamations asking citizens to oberve Constitution Day on September 7. The letter is as follows:

NATIONAL CONSTITUTION DAY COMMITTEE Dear Mr. Mayor:

August 28, 1936

Dear Mr. Mayor:

Last year the Mayors of hundreds of cities over the country and the Chairmen of the Boards of Selectmen in theusands of towns issued proclamations calling upon their citizenry to mark fittingly Constitution Day, September 17th.

Observance of this historic event in American history was inaugurated about a score of years ago by the Sons of the American Revolution, and each year has seen the movement grow stronger. Today most of the patriotic and civic organizations throughout the United States are supporting the national observance.

In the name of this committee and in the name of the great patriotic organizations participating in this movement I wish to urge that you issue a proclamation setting aside this day and calling upon the citizens of your community to re-dedicate themselves to the Constitutional principles enunciated by our forefathers upon which this nation has been built.

I also wish to suggest that you appoint a Committee of citizens to stimulate the observance of this day in your city, and that the flag be officially displayed.

I respectfully request that you send to the committee for its archives a

The Oak Hill School will comprise six grades, a kindergarten and a branch of the Newton Public Library. The Architects are Densmore, LeClear and Robbins. It is a brick building of Georgian Colonial design and embodies all the best features found in a modern school building. Adjacent to the school is the playground and park of about 45 acres which will provide room for all varieties of out-door activities. It probably is the largest park and playground in Metropolitan Boston Common. This park and playground can be reached by the children residing in the Oak Hill School district without crossing any main highways.

Part of the program for building the school included extending Meadowbrook rd. from Country Club rd. in Oak Hill Village, a distance of about one quarter of a mile. This road was subgraded and a drainage system installed to provide access for building materials on the school site. The Street Department of the city of Newton are now completing the road and it will be finished before the school cpens.

Also the city appropriated \$329,000 age. The Oak Hill School will comprise

orens.

Also the city appropriated \$329,000 for the extension of a sewer from Newton Highlands to the Oak Hill School. This contract was awarded to the Barletta Co., Newton Centre, and work is being rushed and has been completed to Dedham st. It will shortly be extended to the school site and Oak Hill Village.

### HE NEVER FORGOT HIS BOYS

In the death of Dr. Oscar Martin this week the Newton High school faculty has lost a beloved member. During the twentyfour years that "Doc", as he was known to all, served as physical director, hockey coach and faculty manager of athletics, we learned to know him well and to cherish his friendship. Throughout his career he embodied to a most unusual degree the straight and clean things of life. He displayed a rare combination of gentleness and courage which endeared him to all. And in the more or less frequent moments of excitement of sport he never lost his temper nor forgot his responsibility as a teacher of youth. To Dr. Martin, more than to any other one person, belongs the credit for the clean and high plane upon which Newton High school athletics have stood for years. Born in Norway it was but natural that he should learn to love the sea in his youth and to follow it as so many of his ancestral fathers had done. Those days gone by were among his dearest memories and it would seem like poetic destiny that death should come while he enjoyed the rolling waves of the ocean, unafraid and undaunted.

As we think back over the years that Dr. Martin directed the physical welfare of the youth of Newton we realize more fully the permanent good which he accomplished. Hundreds, even thousands, of boys were improved in health while in his care. These youths, with better bodies, remain as living memorials to his career. Individually and collectively he molded the future of many athletes. His outstanding modesty was ever present though the honors which his teams won were frequent. He always gave the entire credit to the boys with never a thought of himself. As they left high school he watched their rise to further athletic glory with great interest. "Doc" never forgot his boys and his boys will never forget "Doc."

### A CAMPAIGN OF INFORMATION

There is more general interest in the state election this fall, particularly as it affects the membership of the State Legislature. The Massachusetts Federation of Taxpayers' Associations has begun a publicity campaign which focuses the attention of the taxpayers upon the actions of their State Senators and Representatives on five major measures of the past two years. Locally the information will be distributed by the Newton Taxpayers' Association, which was formed last spring, and which became federated with the parent organization.

The five measures are described in the tabulated vote which appears in the news columns. As should be expected Newton's members of the Legislature voted in favor of the taxpayer almost without exception. Speaker Saltonstall was not recorded on two measures, as he ordinarily votes only in case of a tie. Senator Hollis voted in favor of the highway bond issue of 1935 on the basis that it would insure the receipts from gasparticularly as it affects the membership of the State Legisla-

of 1935 on the basis that it would insure the receipts from gasoline taxes being spent on highways. The House members voted against the bond issue on the basis that the taxpayers' burdens would be increased. On all other votes it will be

noted that the Newton members were in accord with the tax payers' attitude.

While the distribution of this material will serve to acquaint the voters in Newton with the fact that their representatives on Beacon Hill are striving for economy in government similar information being distributed in other cities and towns may well prevent the re-election of those members of the Legislature who voted consistently for the spending measures. A Republican victory in November will practically insure an adequate majority in the Legislature which will recognize the fact that the taxpayer must be relieved of the ever-increasing burden which has been piled upon him in recent years. With that end in view the dissemination of such information should prove of inestimable value.

What does this mean? It means that every legislator is a servant of the people and not a master: in a word, your servant, empowered to act for you in the appropriation of your money for the support of government. Every legislator's duty is to see that you get efficient government at a price you can afford to pay.

The vast sums of money appropriated by your legislators all come out of you in taxes. Thus the acts of your legislators have a direct bearing on your tax burden—on your pocketbook.

## Powers' Paragraphs

On Tuesday, September 15th, the State Primary Election will be held. Too many citizens do not realize the importance of the Primary. This has been evidenced for years by the fact that only a small percentage of voters participate in primary elections. In districts that are strongly Republican, a nomination as the candidate of that party is usually equivalent to election to a State office or to Congress. The same holds true in districts which are strongly Democratic. Newton has been one of the strongest Republican communities in Massachusetts. A Republican nomination for Representative to the Legislature from Newton has with a couple of exceptions always been equivalent to election. The exceptions were Republicans who were defeated for the nomination and who ran as independents. But, to our knowledge, no Democratic has been elected from Newton as one of its Representatives in the General Court. Certainly not in the past half-century.

Newton has four Representatives in Medical Properson (15th Courts) and the past of the contract for the collection of Newton's garbage. Loumos is a lawyer, and one of the most prominent of the Greek-American citizens of Great-er Boston. Quint is also a lawyer, the was a candidate for Alderman from Ward 5 at the city election last Descenber.

Residents of Newton are criticising the Boston & Albany railroad service. They complain that the B & A is the only railroad running out of Boston which is not operating air-conditioned day coaches, although the New York Central, of which the Boston & Albany is a subsidiary, has its cars equipped with this modern improvement. Pullman cars operated on Boston & Albany trains are

past half-century.

Newton has four Representatives in the Legislature; two from the Fourth Middlesex District which comprises Wards 1, 2, 3 and 7, and two from the Fifth Middlesex District which includes Wards 4, 5 and 6, In the Fourth District the present Representatives. District the present Representatives, William B. Baker of West Newton and Warren K. Brimblecom of Newtonville are candidates for the Republican nominations. Baker has served in the mominations. Baker has served in the Legislature for the past 8 years, Brimblecom for the past 4. Both have long been active members of the Republican party in this city. Opposing them for the Republican nominations are James P. Akins of Newton, Alfred V. Guzzi of West Newton and Ellis Sutcliffe of Newton. Mr. Sutcliffe, who is engaged in the automobile business at Newton Upper Falls, took an active part in Newton's municipal elections in 1933, 1934 and 1935 as a candidate for Alderman trom Ward 7, but was not elected. He has been a registered Republican. Republican.

Mr. Akins, who is a lawyer, is serv-Mr. Akins, who is a lawyer, is serving his second year in the Newton Board of Aldermen as Ward Alderman from Ward 1. He has been a registered Democrat and is a member of the Democratic Ward and City Committee. Mr. Guzzi, who has been employed as a janitor at the Levi Warren School, was transferred this week to the Newton Street Department of which he was formerly an employee. He entered politics as soon as he attained his majority and was an unsuccessful candidate for Alderman-at Large from Ward 3 in 1931, 1932 and 1933. In 1934 he was elected Ward Alderman from Ward 3 and last year he was reelected. Guzzi registered as he was reelected. Guzzi registered as a Republican in 1930, shifted in 1933 and registered as a Democrat, and on August 10 of this year cancelled his registration as a Democrat.

August 10 of this year cancelled his registration as a Democrat.

Shortly after Akins and Guzzi were reelected Aldermen last December, both announced that they would be candidates for Representative at the election next November. Guzzi announced that he would run as an Independent and both he and Akins also stated they would seek the Democratic nominations. Later, Guzzi filed a nomination paper as a candidate for the Republican nomination and Akins followed suit. Guzzi has been quite energetic in his political aspirations. At the municipal election last December he waged an intensive campaign and had over a score of automobiles at the polling places in West Newton. There is no doubt but that he will bend every effort to induce as many of his friends as he possibly can to go to the primary election on Tuesday, Sept. 15, to obtain Republican ballots and vote for him. A large percentage of these would also vote for Akins.

So, if bona fide Republicans of Newton don't want to learn the disagreeable news on Tuesday night, Sept. 15th, that two ardent admirers of Governor James M. Curley have captured the Republican nominations as Representatives to the Genera Court from the Fourth Middlesex Dis trict, it behooves them to participate in the primary election on that day Scoffers may say — "Such a thing Scoffers may say — "Such a thing couldn't happen in Newton." Coach Ralph Sanborn will take leave of his Maine summer head-quarters on the heels of the Labor Day traffic and be at Newton High School Wednesday for the opening of a new football season. Fifty-five prospects already have been summoned by letter for the four days' practice that will constitute Newton's pre-season conditioning. Uniforms will be issued Wednesday to all who can present signed equipment cards. Coach Sanborn will have the services of Charles Considine and a new man, C. Evan Johnson, formerly of Walpole High. L. P. "Jeff" Jones will handle the intermediate eleven and Howard Ferguson the first junior varsity. Hugh Robertson, formerly of Wellesley High and Milton Academy, will probably work with Beverly Wilson coaching the second

junior varsity.

Coach Sanborn has had too much experience at coaching to make any very definite predictions, and limits himself to the words "fairly promising" and "reasonably optimistic." Heading the list of lettermen from last year are Allison and Bradford Thompson, twin blonds and co-captains. Bill Johnson, a halfback of great promise, will report weighing 20 lbs. more than last year. Paul Forte, state sprint champion indoors and out, whose play last year was and out, whose play last year was brilliant at times, will also report

Wednesday.

Other candidates of experience and exceptional promise are Howard Gross, James Joyce, Ernest Colantonio, Paul Robey, Bob Whelden, Earl Colvin, Seth Fitchet, Stan Gruber, Charles Hillier, Bob Hurley, William Kinney, James Mukjian, Guido Castoldi and Richard Johnson, These are the shock troops. Two more groups, totalling thirty-nine, are tagged for reference, so to speak, while fitty-two sophomore prospects from the four junior high schools are also on tap.

Never has Joe E. Brown been funnier personally than in his latest comedy, "Earthworm Tractors," nor has he ever had a more hilarious vehicle in which to display his comic antics than in this picture which is taken from the series of comedy stories written for the Saturday Evening Post by William Hazlett Upson. Probably no other comedian of stage or screen could have come so close to being the personification of Alexander Botts, natural-born supersalesman, in his own mind, whose luck is so phenomenal that even his consistent and colossab blunders turn out to his advantage. Joe E. Brown's two leading women are June Travis and Carol Hughes, while talented support is given by Guy Kibbe, Gene Lockhart and Dick Foran.

### THE WEEK IN NEWTON SPORTS

Don Martin, city public parks tennis hampion, was dethroned last Sunday in the final match of the city tennis purnament at Burr Playground courts losing to Harry Sylvester. Martin, who had been defeated earlier in the day by Ed. Fuller in the Southern New Hampshire finals, defaulted to Sylves

The Newton Twi League series came to an abrupt end last Friday when the third game was declared no contest after darkness ended play at the start of the fifth inning. At that point, Our Lady's Alumni had a lead of 8-4 over the Newton Independents. The Independents won the two previous games. As the result of various protests, the series was suspended indefinitely, pending a decision by league officials.

The Newton Independents stepped out of one championship series and into another. Although they forfeited no less than five games in the Twin-County League second half in order to stay in the Newton Twi League race, they still retained their first-half cham-

Some Drugs Lose Strength
Many drugs, irrespective of how and where they are kept, lose their strength and efficacy within a few months. Others, states Robert J. September Sth.

The parent entering a child at the F. A. Day for the first time is urged to note that the administrative staff will be on hand Thursday and Friday mornings, September 10th and 11th. Here under quiet conditions the parent is invited to bring the child and his past school history to discuss the successful placement of the youngster before the congested peak load of Monday.

All students in Junior I and II receiving "3:2" in any subject or an "incomplete" should take the make-up examination in that subject. The passing of this examination removes the failing mark and necessity of a trial period in the fall.

All students in Junior III receiving "3:1" should take the make-up examination. All students in Junior III receiving "3:2" must take the make-up examination and must pass the examination; otherwise, the "3:2" becomes a failing mark and the subject must be repeated at Senior High School, if it is taken at all. Students in Junior III receiving "3:1" should take the make-up examination in that subject in order to receive credits and to remove the necessity of a trial period at Senior High School.

The opportunity to take examinations is not open to those who re-

period at Senfor High School.

The opportunity to take examinations is not open to those who receive a "3-3" report in a subject since this is a failing mark and requires a repetition of the subject.

Mr. Scarborough, the principal, will be in his office at the school September 11 from 10:00 A. M. to 12 Noon, and from 2:00 to 3:30 in the afternoon to meet parents or students who wish to confer with him relative to promotions and enrolment.

Mount Monadnock Mount Monadnock is a noted moun-tian of southwestern New Hampshire, situated about ten miles southeast of Because of its isolated posi-Reene. Because of its isolated posi-tion and unusual form, it is one of the most impressive mountains in New England. The peak is of granite with precipitous walls and rises to an ele-vation of 3,186 feet.

male created he them" (Genesis 1:26, 27).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Immortal man was and is God's image or idea, even the infinite expression of infinite Mind, and immortal man is coexistent and coeternal with that Mind. He has been forever in the eternal Mind, God; but infinite Mind can never be in man, but is reflected by man. . . Immortal man is not and man. . . . Immortal man is not and never was material, but always spiritual and eternal" (p. 336).

Of Religious Education The Misses Virginia M. Allen of Auburndale, Florence E. Ames of Waban and Margery A. Buchanan of West Newton were delegates to the 21st annual session of the Northern New England School of Religious Education which closed on Sunday, Aug. 23rd, with graduation exercises in the Community Church at Durham, N. by Ed. Fuller in the Southern New Hampshire finals, defaulted to Sylvester when the score stood 4-all in the third and decisive set. Sylvester dropped the first set at love and won the second, 6-3. In the semi-final, which preceded the feature match, Martin was given a close battle by Paul Rich, rising young player just out of Newton High After losing the first set, 6-1, Rich steadied down and took the second, 6-2, then ran up a 4-0 lead in the odd set. Paul then apparently eased up enough to give Martin a chance to recover, and the veteran racketeer won the next six games and the match. As the result of the final match, Harry Sylvester will go to Springfield as Newton's representative in the New England public parks championship singles.

"If I may be pardoned for referring to a personal ambition I have, and which can be brought home to the residents of our scattered communities by the weekly paper, there is the development of our secondary roads." Making the comment quoted in our opening the governor amplified his thoughts along this line.

"Today hundreds of our rural residents, when the first heavy snows fall, put up their cars and are thereafter more or less housed up for much of the winter. If some of the millions which have been and are being expended for useless curbings and unused sidewalks along miles of country roads were used to build substitute that they are the substitute that the substitute of the substitut

### Renew Fight to Lay Out 20 Foot Street From Centre Street to Cetrone Land

Attorney Arthur Blakemore Says That Justice Has Not Been Accorded To His Client

A new petition for the laying out and acceptance of a street which would start between 584 and 594 Centre st., Newton and run for 200 feet casterly was given a hearing by the Board of Aldermen on Tuesday night. Arthur W. Blakemore appeared for Daniel Cetrone the petitioner and presented a lengthy argument to justify the granting of the petition. Mr. Blakemore said in part that:

"Justice Stone of the United States Supreme Court has recently commented on the large increase during the last few years in the number and authority of administrative boards who are, as he points out, exercising judicial powers. In passing on this petition you are sitting as a judicial body.

"There has been so much misinformation concerning the law and the facts in this case that I most earn estly suggest that acting as a judicial body you appoint one of your number, an unprejudiced fair minded lawy," to investigate and report upon the whole situation here. This practice was prevalent when I was a mem

### TO REPUBLICAN VOTERS

Although there are but three contests in the selection of candidates for the seven principal offices to be voted on throughout the Commonwealth, the primary election next Tuesday is of significant importance to the Republican voters of Newton. The entrance of candidates with Democratic leanings and affiliations into the Republican primary in an effort to obtain the Republican nomination for Representative in the 4th Middlesex district should be emphatically rejected. Aldermen Akins and Guzzi are seeking both the Democratic and Republican nominations and Mr. Guzzi has also filed as an independent candidate in the November election. It is evident that if successful in their efforts to defeat the two present Republican Representatives, William B. Baker and Warren K. Brimblecom, and if elected to the State Legislature that they would be unable properly to represent the voters of Newton. During the past four years as a member of the House of Representatives there have been many occasions when we have observed members nominally known as Republicans but with Democratic leanings or affiliations voting against the party which they claim to represent. These actions are represented by the property of the property of the property of the property of the party which they claim to represent these actions. voters of Newton. During the past four years as a member of against the party which they claim to represent. These actions have brought the criticisms of all right thinking citizens, tax-payers' associations and many press writers and are in a great measure responsible for the passage in 1936 of the largest state budget in the history of the state, the curbing projects along state highways, and numerous other spending measures of waste and extravagance. Inasmuch as both Mr. Akins and Mr. Guzzi have in the past two years expressed their approval of the Governor and some of his ideas it is difficult to understand how they can do otherwise than to continue to support such a program.

Throughout our service as a Representative we have endeavored to relieve the burden on the taxpayer. We have attempted to be conservative yet broadminded and we have, we believe, the confidence of the voters. Representative Baker of West Newton has been a prominent opponent of the Curley administration through his important post as a member of amount mixed doubles tournament:

"M. Warden of Great Britain, by default and in the fault.

Allen Freeman of Wellneet, two up, and W. Warden of Great Britain, by default and the fault.

Allen Freeman, Northeastern University athlete, was runner-up in the annual Chequeset Country Club golf championship, being defeated two up by Charles D. Ryman, D.D.S., of Summit, N. J. Freeman, who defeated James Gormley of James G have brought the criticisms of all right thinking citizens, tax-

the Ways and Means committee. He has an intimate knowledge of the finances of the state and of the necessity or lack of desirability of funds for one type of work or another. It is beyond the realm of our imagination to conceive that his place could be acceptably filled by any other candidate. A fifth candidate on the ballot for the Republican nomination for Representative is Ellis R. Sutcliffe. As a candidate for alder-land the first succession of the Church of Messiah, Auburndale; Palmer York and L. J. Steitz of St. Representative is Ellis R. Sutcliffe. As a candidate for alderman in previous years he was twice defeated and the only practical result of his candidacy will be to take votes from the other candidates. When thoroughly acquainted with the situation confronting them we are positive that the voters will realize the importance of renominating the present Representatives.

In the 5th Middlesex District comprised of the south side of the city, Wards 4, 5, and 6, the contest for the seat formerly held by Leverett Saltonstall, Speaker of the House, is causing considerable interest. Representative Luitwieler, a veteran legislator of twelve years, is seeking re-election with six other and didness in the field with him for the two goots. To select

candidates in the field with him for the two seats. To select their candidates is the task of the voters. Considerable publicity has been given to the individuals and most of them are well and favorably known. As a member of the legislature it dedly improper whom we would support in that district. May the best men win.

There are other contests on the Republican ballot upon which many voters may be undecided. John W. Haigis, candidate for governer; Leverett Saltonstall, candidate for lieutenant governor; Frederic W. Cook, candidate for Secretary of State; and Felix Forte, candidate for Attorney General, are all unopposed. William E. Hurley is our choice as the Republican candidate for Treasurer and Receiver General. Endorsed by the Republican pre-primary convention he has a decided edge upon his opponents, the former Postmaster

As decided edge upon his opponents, the former Postmaster of Boston who was removed by the political patronage of the New Deal, Fred J. Burrell, a former Treasurer who resigned under fire and an assistant district attorney, W. G. Andrew. Henry Cabot Lodge, the convention nominee for Senator, is being opposed for the Republican nomination by former State Auditor Alonzo B. Cook and a Greenfield gentleman by side of the Republican party and for the past few years has been too intimate with Governor Curley's political machine to enthuse Republican voters. Mr. Lodge has the call by a wide margin and should receive a handsome vote in Newton.

Newton was the winner of the bic contest consisted of writing aessay of not over 25 words on the March; (22nd Reg.). Herbert (Magic Fluite). Mozart Variety (Magi

bridge and Richard Darby of Everett. Mr. Wood is the choice. He has been an active campaigner for the Repub lican party for many years.

We shall vote for former Congressman Robert Luce in preference to his opponent Edward M. Rowe, who has much to commend his candidacy among those who believe that Mr. Luce deserted them on the prohibition question and who believe he should not be returned to office. We have yet to have proved to us that Mr. Luce was anything but consistent and we have always admired his legislative ability. Mr. Rowe may well bide his time, however, and in the future be a Congressional prospect.

Councillor Frank A. Brooks is opposed by Alexander Paul Parker, who, the records reveal, recently changed his name from Parfumose to that of Parker. Mr. Brooks has been a Republican all the time in the last two hectic years on Beacon

The county officers all are opposed, including County Treasurer Charles E. Hatfield. In all instances the present incumbent should be renominated.

### SCHOOL DAYS ARE HERE AGAIN

School days are here again. On Monday morning the Newton schools will reopen for another term. Thousands of girls and boys will resume their efforts to obtain an education which will fit them for their future careers in one line of endeavor or another. History shows us clearly that education has always been of paramount importance in the building of a better civilization and it is of utmost importance that our school children be impressed with its value. In later life they will realize that the opportunity for education is one of the greatest privileges given to youth.

The teachers and pupils of the Grace Church Sunday School were treated to a picnic upon invitation of their late Rector upon his grounds on Otis st., West Newton. There the children found swings and every amusement tending to their enjoyment. The ventriloquist, Mr. Harry Bryant, amused them with an exhibition of his powers, greatly to their delight. The entertainment was complete and very bountiful, the bag of peanuts forming a grand centre of attraction, followed by the children entitled to a share of its contents, and by some we fear otherwise. There is an old axiom that "One has to live or work with a person to really know him." We have worked with Warren K. Brimblecom for eleven years and we ought to know him quite well. We have found him honest and honorable, liberal in his views and in his dealings with his associates. We have frequently differed with him in matters political in the past and expect to in the future. We believe that a man of his type, conservative, but not reactionary, should be continued in the Legislature. There are too many irresponsible wastrels in our General Court at present to lessen the minority which has endeavored, if without consistent success, to stop the constantly increasing waste of public funds.

It is encouraging to observe the distinguished gathering of savants and scientists assembled for the Harvard tercentenary give so much attention to human problems. At the present time any intelligent endeavor to cure the social, political and economic ills which threaten to destroy the civilization built up by the white races through the centuries, is of much more import than studying the peculiarities of ancient peoples and acquiring more information regarding stars millions of light years distant.

Thanks to the Gregorian calendar, abor Day this year went into Sep-Labor Day this year went into Sep-member as far as it could and still be called the first Monday of the month. The custom of spreading-out week-ends and other vacations until and including this holiday has brought the State primaries upon us almos the state primaries upon us almost before the vacation spirit has left. That's O. K., but it won't do for an alibi if you fail to attend the primaries next Tuesday. You know how things are and how you'd like to have them. The answer is—go to the polls. If you fail to, keep silent next Wednesday and thereafter if the results don't satisfy you. don't satisfy you.

Stunned Into Silence

There are some who contend that Newton is behind the times in this or that. Instances, to prove the assertion, are pointed to and usually an argument follows. The latest adverse comment; if you agree to call if such, is that political campaign managers in nearby cities show greater zeal and enterprise. As evidence of how much faster they work in Boston a friend of mine told me he had received letters from three different candidates at next Tuesday's primaries thanking him for signing their papers, "Very thoughtful," said I, "but they do that in Newton."

"Is that so?" he retorted. "Well, I never signed any nomination papers and in these three cases my signature had been forged. Do they do that in Newton?"

Psychological Posers

Any notion that there may be some Any notion that there may be something exclusively professorial about absent-mindedness has been completely banished by recent events as far as I am concerned. The "absent-minded" professor and his frequent mental state of preoccupation has nothing on two friends of mine and even myself. I suppose that these may be designated "case histories" as the medicos like to put it.

Setting aside all modesty I speak

as the medicos like to put it.

Setting aside all modesty I speak first of myself. Morning it was and I, determined that the rubbish barrels which I had rolled out the night before, should contain every scrap of waste in sight, I proceeded to carry out my determination. I gathered a number of newspapers, placed them under my arm, walked out the front door and, without a thought of the barrels, marched past them and down to the village. Not until I entered a store did it occur to me that I was carrying a large handful of old newspapers. I'll admit I must have looked odd to any who happened to observe me. The proprietor was willing to take them off my hands.

Case number 2. Busy bank clerk who rode from Newton to his place of wearing one tan shoe and one associates all day. When he was at lunch and riding home all he could think of was his feet and how peo-ple must be staring at him and laugh-

Case number 3. Respected Newton resident of middle life. On a hot night last month he decided to explore the refrigerator for a cold bottled drink. Carried his flashlight. Was not completely dressed. Before he reached the ice-box he decided it wasn't too late to go to the drug store for an ice cream soda. Abandoned original quest and hurried down town. Exchanged greetings with the policeman in the square and was almost paralyzed when the officer said, "Excuse me, Mister Blank, but where are you going with that flashlight?" Case number 3. FROM ELLIS SUTCLIFFE  $\begin{array}{c} {\bf Candidate\ for\ Election\ as\ Republican\ Representative} \\ {\bf to\ the\ General\ Court.} \end{array}$ 

The basic reason for holding a primary election is for the voters

The basic reason for nothing a primary election is for the voters of the various political parties to nominate their strongest and best equipped candidate. To defeat this purpose is to undermine the real benefits of the primary election. Any candidate seeking nomination with the intent of breaking down the basic principles of the primary election breaks faith with the voters of this Commonwealth.

I feel, therefore, that it is my duty as a candidate for the Republican nomination as Representative for the Fourth Middlesex District to bring before the voters of this District certain vital facts.

Of the five candidates seeking the two Republican nominations for Representative, two of the candidates are running for both the Democratic and Republican nominations. These two men—unopposed for the Democratic nomination—are assured of a place on the November ballot. Their only purpose in seeking the Republican nomination is to eliminate the Republican candidates for this office from the ballot in the November election, thereby giving this District at least one Democratic Representative to the General Court.

I urge all Republican voters who are supporting my campaign for the Republican nomination to vote for either WARREN K. BRIMBLECOM

Sixteen men were arrested for drunkenness in Newton over the Labor Day week-end. Seven of these, first offenders, were released from police headquarters after sobering up. The other nine were arraigned in the Newton court on Tuesday. Sergeant Bannon had a pair of trousers ruined on Saturday night while arresting three for drunkenness. The cases against this trio were placed on file when they agreed to pay Bannon \$11 for a new pair of pants.

Charles Blakely of 78 Boyd st., Newton, was killed on September 8th, at Great Barrington, Massachusetts, in an automobile accident. He had visited his daughter at Poughkeepsie, New York and had placed a quantity of building bricks in the rear of his car. Going through Great Barrington the rear axle of the car broke and the automobile went over a ditch and into a field. Some of the bricks flew up and one hit Mr. Blakely on the back of his neck, breaking it. Death was apparently instantaneous. Mr. Blakely was born in Shoreham, Vermont, 67 years ago and came to Newton to reside 16 years ago. For 14 years he conducted a pool room in the Nonantum Building, retiring two years ago. He had previously resided in Waltham. He was a member of Waltham Lodge of Moose and the Eliot Church of Newton. His funeral service will be held today at 2.30 p. m. at his late home. He is survived by two daughters, Mrs. Bertran L. Rhea of Poughkeepsie, and Mrs. Albert H. Fogelgren of Newton; three brothers, Truman and Fred Blakely of Springfield; and William Blakely of Holyoke; and a sister, Mrs. Gertrude C. Blakely, died in April, 1935.

### HANDSOME STONE COLONIAL SOLD

Alvord Bros. report a sale in "Newton Countryside" in the Oak Hill section of Newton Centre being developed by Earl C. Davis, architect, and Victor H. Vaughan, of Newton. On one of the handsomest lots, containing 14,226 square feet, there has just been completed a stone Colonial house, located at No. 44 Brush Hill rd. This house represents the latest advance in efficient planning and conveniences. There are 10 rooms, 3 baths, and extra lavatory, heated by a new American Radiator hot water boiler, with oil fuel. On the first floor is a pine panelled library with corner fireplace, book-cases at one side and wall-space for desk and other furniture, and an adjacent lavatory, containing the newest plumbing fixtures. This property has just been completed and has been sold to Ethel T. MacDougall, of Newton Centre by the Davis & Vaughan Realty Trust Company. Mrs. MacDougall has occupied the property as her home. The estate has not yet been assessed.

Alvord Bros. also report the sale of the property at No. 82 Carver rd. Newton Highlands. This real estate comprises a charming frame Colonial home of seven rooms, two sun porches, and an open porch. There is a frame garage accommodating two cars, and the lot of 10,975 square feet is well shaded and shrubbed. The property is situated close to the station in the Eliot section of Newton Highlands, an appealing, older type neighborhood of conservative homes. The total assessment made by the city of Newton Gentre. There has been considerable renovation, and the owners have already occupied their new residence.

### WEST NEWTON RESIDENCE

Thomas V. Cleveland, Newton and Thomas V. Cleveland, Newton and Wellesley Real Estate broker, reports the sale of the beautiful estate at 11 Sylvan avenue on West Newton Hill for Mrs. Helen Harris of Philadelphia, Pa. The handsome, brick, colonial house, a replica of the early colonial homes, is situated on a well-landscaped lot of 18,000 sq. ft.; there are nine rooms, three baths, secluded open porch, and large colonial hall extending from the front to the rear of the house. The charm of its surroundings makes of the property a complete small essate of the property and the property are property and the property The charm of its surroundings makes of the property a complete small estate for which West Newton Hill is famous. Howard W. Marshall, well-known Boston contractor, purchases for a home, and after extensive alterations, will occupy. The property is assessed at \$17,900.

"That the Petition for a private way here should have been granted.
"That a private way under the statute is in all respects a public way except that the petitioner pays all expenses: that this private way statute has been an integral part of our law for one hundred and fifty years and is so important that it has been often construed by the Supreme Court and has been recently amended and that even a right of appeal from your decision to the County Commissioners has been provided for it. Its purpose is where one man is bottled up by another to prevent extortion by providing a right of way with full provision for fairly assessing the damages rather than leaving the necessary. Your learned City Solicitor has told you that it is for the purpose of taking one man's land for the benefit of another. Of course it is, with adequate damages. Such an argument is like condemning the Queen Mary because it will only run in the water, or a Rolls Royce because it will only run on land. I expect your investigator to report to you that this statute approved by the practice and experience in this commonwealth of 150 years cannot be discarded and repealed by the ukase of your City Solicitor. Such statute is eminently applicable in this case where Mr. Murray has put a price on a strip of his land which would astound the City Assessors if they knew about it.

knew about it.

"I expect your investigator to find that Cetrone's Petition for a lay-out as a private way here was particularly fair to all parties for the reason that this twenty foot strip was provided as an outlet for this property long before there were any restrictions on the width of streets and his twenty foot strip was entirely adequate until the decision of the Planning Board. Here Cetrone asked for the privilege of paying for a width which he did not want, imposed on him for the benefit of other owners.

do if the situations were reversed and Cetrone owned the Murray land and had the back land of some popular citizen bottled up.

on His 49th Birthday
TOPEKA, KAS.—"Landon day"
was celebrated for the first time on
September 9 by millions of Americans who expect that Alf M. Landon, governor of Kansas, will be the next

president of the United States.

It will be the 49th birthday of Alf
Landon, Republican nominee for
president and governor of Kansas, a "typical prairie state." In the nation - wide Landon celebration many friends and admirers in Pennsylvania, the state of his birth, and Ohio, where he spent his bryhood, sent greetings to Gov. Landon. The Republican National Committee celebrated the day by issuing

The petition for the gravel pit on Grove st. was favored by the Woodland Sand & Gravel Company and the Woodland Golf Club, The latter association proposes to sell land east of Grove st, and between Moulton st, and the Auburndale end of the golf property to the gravel company. Strong objections were raised by President Floyd of the Board of Aldermen, who said an attempt is being made to start another gigantic gravel pit under the guise of a real estate development. He commented that no individual or group should be pulled out of a hole at the expense of the people. The golf club has been in financial difficulties the past few years. Floyd stated that on the previous night the Aldermen had taken a step in the right direction by refusing to renew a permit for the continuation of a gravel pit at Oak Hill. He said that the petition is objected to by nearly all residents of nearby sections of Auburndale and Lower Falls. Others who protested were ex-Alderman Sylvanus Smith, Hugh Owens and Willard Bodge of Grove st. A showing of hands resulted in about 60 objecting to the petition and 10 favoring it. Henry H. George J. Martin asked that the area bounded by Felton, Washington and Chestnut sts. be changed from business to manufacturing zone. He told of the costly property he owns which cannot be now sold or used because of the fact it is in a business zone. He related how he had given millions of dollars to Newton residents whom he had employed during the many years he had operated his curtain factory, and that he would be forced to ask for abatement of large taxes if he cannot put the property to beneficial use. Julius Lucht objected to the change on behalf of the Library Trustees, but said he did not know whether or not the trustees would object if the zone were only extended 70 feet into the former Mague property, as suggested by Mr. Martin.

The Aldermanic Chamber at City Hall was filled on Wednesday night when several important hearings were held before the Claims and Ruber Committee. Large delegations were Falls and Auburndale to protest against a change of zone at the southwest corner of Centre st, and Commonwealth ave, to permit a gasolium when the East side of Grove st. on land owned by the Woodland Golf Club.

James P. Gallagher, appearing for Saruh Rand and others, asked that land bounded by Commonwealth ave, Centre st, and Furber lane be changed from single residence to business zone. He argued that the southwest zone, He argued that the southwest zone, He argued that the southwest zone, that the old house there is idle and not an asset to the neigh borhood and that its owners have filled and not an asset to the neigh Board. Mr. Gallagher said it is proposed to ask for a gasoline station permit should the zone be changed.

Protests against the change were received from the Newton Centre in provement Association and from former Alderman George Pratt who said he felt sure that the vestry of Church will oppose the change. On Centre st, opposite the proposed locus for the Least said the proposed locus for the gray and the sure of the commence of the Alexander A. Robertson of Quincy was appointed Agent of the Newton Board of Health last Friday upon receipt of a letter from the Civil Service Commission authorizing the temporary appointment, pending an examination for this position which has become vacant because of the recent resignation of Keble Perine. The latter has accepted a position at Belmont. There were 21 applicants for the position, a number of these being Newton residents. None of the local candidates were considered to have requisite qualifications. Four applicants were given serious consideration by members of the Board of Health and Robertson was selected. Robertson is a native of Quincy and

## "The Universal

ONE NAME comes quickly to mind when you think of "The Universal Car." The description is distinctively Ford. No other car is used by so many millions of men and women in every part of the world. Everywhere it is the symbol of faithful service.

That has always been a Ford fundamental. Something new is constantly being added in the way of extra value. Each year the Ford has widened its appeal by increasing its usefulness to motorists.

Today's Ford V-8 is more than ever "The Universal Car" because it encircles the needs of more people than any other Ford ever built. It reaches out and up into new fields because it has everything you need in a modern

The Ford V-8 combines fine-car performance, comfort, safety and beauty with low first cost and low cost of operation and up-keep. It depreciates slowly because it is made to last. There is no other car like it.

### 11,788 Pupils In Public Schools On Opening Day

The Newton public schools opened on Monday with an attendance of 11,788 pupils. On the opening day last year the attendance was 11,138. The large increase on the opening day this year is attributed to two causes. Last year the infantile paralysis scare which prevailed when schools opened, influenced many parents to postpone sending their children to school. Also, this year schools opened a week later than last year, and practically all families had returned from their summer homes. The School Department is of the opinion that the increase in attendance this year will be slightly larger than that of last year. On October 24th, 1935, the school attendance was 12,242.

They said that they remonpatrol near the Chestnut Hill reservoir. They said that they remonstrated with Reece and he told them that he was training the dog, and that even more severe methods than he was using are considered legal. Reece denied that he either kicked the dog or hit it except with the leash. He commented that spiked collars and whips are used in the training of dogs. He appealed the fine but later withdrew the appeal.

### **Newton Man** Was Landon's **Boyhood Chum**

Renews Friendship on Board Special Train

The visit of Governor Alfred M. Landon to Maine last week-end was an occasion which Laurence L. Frederick, a Newton businessman, will never forget. Mr. Frederick is president and treasurer of the Newton Glass Company and was a boyhood chum of the Republican candidate for the Presidency at Greenville, Penna. The two had not met since the "old swimming hole" days and the visit of Mr. Landon provided an opportunity for them to renew their old friendship with Mr. Frederick joining the special train at Worcester and continuing on to Portland.

pari's Council of Newton. The purpose, as announced by the Chest Administration, is to emphasize the "community" in Community Chest and to have it truly representative of the entire community which it serves.

Mr. G. Winthrop Brainerd, Principal of the Claffin School District, has been named by Supt. of Schools, Julius E. Warren, as the Chairman of the Boshool Publicity Group.

The entire administrative group of the 1936 Campaign has practically been enrolled and the response has been one of welcoming the opportunity to serve Newton through the Chest.

The Assistant Chairman of the Women's Division held a luncheon meeting Tuesday, September 15th to discuss preliminary plans for completing their organization. They plan to have all their workers, about 100, enrolled by September 30th. The entire group will meet on October 14th for final instructions.

The current is moving powerfully in the direction of the most publicized campaign ever held by the Chest, with the most complete coverage during solicitation from November 12 to 23.

Newpaper stories of the Kansan Governor and his possible nomination for the Presidency failed to recall to Mr. Frederick that "Alf" Landon was his boyhood chum. During the winter Mr. Frederick that "Alf" Landon was fust on whom he was going to vote for President. He answered that he thought Governor Landon looked pretity good, to which she replied, "I should think he would, he is your old playmate."

The two met at Greenville, Penn., where Mr. Frederick's family and Landon's grandparents, the Mossmans lived. The latter were prominent people in the town and "Alf" used to spend his summers there when he was 10 to 14 years old. In telling of those days Mr. Frederick says, "there were no Boy Scouts, "Mr. C. A. or other boys' institutions and we had to make our own fun. But we had plenty of it and Alf Landon was just as much a lead-entire the most constitution of the most policitation from November 12 to 23.

Following the nomination of Mr. Landon at the Cleveland convention Mr. Frederick wrote a letter of congratulation to which he received an answer expressing a desire to talk over old times when Landon came to the East. Thus the Newton businessman was invited to join the special train at Worcester last Saturday morning as the guest of Sinclair Weeks, chairman of the Republican State Committee. "I never enjoyed anything more than this experience," Mr. Frederick says. "The Massachusetts delegation of more than fifty persons boarded the Landon special at Worcester. Only a few favored persons were permitted to enter the Governor's private car. ### Suspend License Of Upper Falls **Beer Parlor**

Beer Parlor

The license of the Depot Lunch to sell beer and wine at 108 Oak st., Newton Upper Falls, was suspended for three weeks by the Newton License Commission on Tuesday following a hearing. Special Officer Charles Feeley told the members of the Commission that on Sunday afternoon, August 23rd, he and Inspector King went to the address and found the door locked. Feeley testified that he knocked on the door and had to wait three minutes before it was opened by Antonio Medaglia, whose wife, Mary Medaglia is the licensee. Feeley stated that there were six men in the beer dispensary and that some glasses were on a table with fresh foam in them. He said that Medaglia contended the foam was from beer served the preceding day. Feeley stated that Medaglia followed him out into the yard and pleaded for a break. Because of the fact that Inspector King is absent on his annual vacation, he was not present to corroborate Feeley's testimony.

Medaglia denied having asked Feeley for leniency, or that he had served any beer on that Sunday, in violation of the rules of the Newton License Commission. Four of the six men who were present at the lunch room when the police made their visit, also testified. Two of these witnesses are residents of Watertown and two from the Upper Falls. They testified that they were not served any beer on that Sunday.

REPUBLICAN HARMONY

The results of the primary election on Tuesday in Massachusetts revealed a great deal of the attitude of the voters of the Commonwealth along various lines. A clear indication of the harmony of the Republican party is given in the large vote cast for their candidates. Likewise the defeat of two of the candidates endorsed by the Democratic convention for state office and the surprisingly large vote given Governor Curley's two opponents for United States Senator positively shows a split in the Democratic ranks which may well lead to defeat at the November election. There is no question that Governor Curley has lost much of the strength which he had two years ago and it now seems probable that the attempt to drive him

The Children's Singing Guild, under the leadership of Mrs. John A. Russell, will begin their fifth season in the usual place, the Newton Centre basel, will begin their fifth season in the usual place, the Newton Centre playground house, at 9 o'clock on the morning of Saturday, September 26th. Any child between the ages of five and eleven who can sing a correct scale, is eligible for membership in the training in acting, singing, diction and rhythm. Much more attention will be paid this year to the groundwork and fundamentals, quality of tone, grace of gesture, ensemble singing, and opera work will not be started till midwinter, the preliminary weeks being devoted to actual study of much needed correlation and uniformity. Application may be, as heretofore, to Mrs. Russell, 3. Willow terrace, Newton Centre. A branch of the Guild is being established in Boston this self-way to the leadership of Arts. Any child between the ages of five and eleven who can sing a correct scale, is eligible for membership in the training in acting, singing, diction and rhythm. Much more attention will be paid this year to the groundwork and fundamentals, quality of tone, grace of gesture, ensemble singing, and opera of gesture

Curley has lost much of the strength which he had two years ago and it now seems probable that the attempt to drive him out of political office for the next few years will be successful. Throughout the state and for all candidates on the ballot th voters overwhelmingly showed their support of the candidates endorsed at the Republican convention in June. It made little difference whether these candidates were opposed or not. John W. Haigis and Leverett Saltonstall, at the top of the ticket were given a most gratifying complimentary vote, while the record-breaking primary total polled by Henry Cabot Lodg over his two opponents is still one of the chief topics of conversation.

In Middlesex County an extraordinary large Republican votations by a big plurality. As usual County Treasurer Charles E, that field and Register of Probate Loring P. Jordan topped the list of totals of 80,000 and 65,000 respectively. Locally the Republican candidates fared equally well. With such harmony prevailing in the Republican party efforts for the next six weeks should be centered in urging a vote for the straight Republican ticket from top to bottom.

The attempt of Aldermen Akins and Guzzi to win the Republican nomination as Representatives from the 4th Middlesex County manner. Republican voters were aware of the situation and responded readily to the support of the present Republican and responded readily to the support of the present Republican to receive the manner. tion and responded readily to the support of the present Representatives who have consistently opposed the waste and extravagance of the Curley administration. As one of those who received this vote of confidence and in behalf of Mr. Baker, the writer takes this opportunity to thank all those who voted and worked in our behalf at the primary.

### SELECTING SALTONSTALL'S SUCCESSOR

The contest for Representative in the 5th Middlesex District was of great interest on the South Side of the city. Confronted with the choice of selecting a successor to Speaker Leverett Saltonstall the voters had no easy task in front of them. It was not surprising that Representative Luitwieler led the field by a large margin as it was apparent that the remaining six candidates would divide the vote for the other position. In selecting Douglas Francis the voters have placed their confidence in a willing worker, a sound thinker, a real Republican.

Easily Worried

In spite of a determination not to allow the approach of Winter to depress me, I was mildly disturbed the other day by the utterances of a Newton young man. He seemed to have struck a sad note and preferred that to a lighter key. I met him with a group of men and women who were discussing various little domestic matters. He surprised me when he said, "I suppose it won't be long before we'll have to take out the screens. I hate to see the one in my side window go. "Matter" is the subject of the Les

"Matter" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 20.

The Golden Text is: "That which is born of the flesh is flesh; and that which is born of the Spirit is spirit" (John 3:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Wherefore do ye spend money for that which is not bread? and your labour for that which satisfieth not? hearken diligently unto me, and eat ye that which is good, and let your soul delight itself in fatness" (Isaiah 55:2).

The Lesson-Sermon also includes

(Isaiah 55:2).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "All creations of Spirit are eternal; but creations of matter must return to dust. . . The supposition that life, substance, and intelligence are in matter, or of it, is an error. Matter is neither a thing nor a person, but merely the objective supposition of Spirit's opposite" (p. 287).

of the kumquat is Fortunella Japonica. It was named in honor of Robert Fortune, collector for the Royal Horticultural society of London, who first introduced it into England from the province of Foo-chow-foo, Chusan and Mingpo, China, in 1856. It is grown in England in greenhouses. Four years after the kumquat was introduced into England necording to a writer in the England, according to a writer in the Los Angeles Times, it was brought to America, in 1860. Nurserymen in Florida found the demand growing for the plant so, in 1890, they started im-porting it from China. A few years later the kumquat found its way to California.

### WHAT'S IN THE PAY **ENVELOPE FOR YOU?**

How will you spend your pay this

week? You may have budgeted your rent, food, clothing, insurance and laid something aside for amusements. But did you remember your taxes?

Of course it doesn't matter much whether you've figured in your taxes or not, for you will pay them just the same. They're already figured in for you. The tax collector will dip into your pay envelope and claim about one quarter of all you've earned during the week and you will have to pay it eventually, in one way or an-

Only 75 cents of each dollar you earn belongs to you. The other 25 cents belongs to the government. And that means of every dollar, every week and every month throughou

Hidden in the price of everything you buy are numerous taxes which in the end come out of you. Just because they are concealed in the price of what you buy, do not think you escape them. The tax bill you receive from the city or town once a year is only a small part of the taxes

you pay.

When you bought the alarm clock that woke you up this morning, you paid scores of hidden taxes that the manufacturer, the wholesaler, the retailer had to pay, including a 10 per cant have tay toy. Yes an alarm clock cent luxury tax. Yes, an alarm clock is considered a luxury for purposes of taxation.

On a loaf of bread there are 53 taxes. On a packago of cigarettes there is a tax of 6 cents. On a bottle of milk of magnesia the manufacturer paid 94 taxes, and the retailer who wrapped it up for you 78 taxes, all of which, eventually, are paid by

you.

When you pay these taxes you are paying for the tremendous cost of government and if you want to reduce your taxes it is up to you to do your part in reducing the excessive cost of government by taking more interest in the kind of men who rep-resent you in the government.

### IS THIS REASONABLE?

The present governor of Massa-chusetts assumes to be personally much concerned at the apparent lack of sheets and pillow cases for the afflicted in our state institutions Yet since 1927 the commonwealth has spent \$22,762,000 for construction in the department of state hospitals and—a "federal government project for \$600,000 for beautifications." tion of the grounds of the Boston State Hospital is now being carried

### COOLIDGE ON ECONOMY

"I favor the policy of economy, not because I wish to save money, but because I wish to save people. The men and women of this country who toll are the ones who bear the cost of toll are the ones who bear the cost of government. Every dollar that we carclessly waste means that their life will be so much the more meagre. Every dollar that we prudently save means that their life will be so much the more abundant. Economy is idealism in its most practical form."

## Offers Courses

Mrs. Clyde H. Swan, State Federation chairman of Conservation and Gardens, reminds clubwomen of the opportunity to picnic at the Federation Forest in Petersham on official Play Day, September 23rd.

While the "Forest" is clubwomen's at any time, Mrs. Swan announces that on Play Day there will be a special program in the amphitheatre planned for their entertainment, including greetings from State officers, music by a Club Chorus, and a Play presented by a Club Chorus, and a Play presented by a Club.

Wild flowers, a brook, a rustic bridge, birds, and a very beautiful tract of 1,000 acres make up this Forest which the Clubwomen of Massachusetts purchased and presented to the State. For several years prior to 1930 the clubs of the State donated money to buy a tract of land for a Club Forest. In the fall of 1930 clubwomen journeyed to Petersham for their first picnic and at that time, with appropriate dedicatory exercises, the State of Massachusetts acceptied a part of the thousand acres. Two years later, when the Forest was brilliant in fall colors, clubwomen met there again, and the president of the State Federation had the pleasure of presenting to the State of Massachusetts the required 1,000 acres. Since that time a Forest Play Day has been held annually in the fall.

Many clubwomen delight in this motor trip through fall foliage. The country roads are good. There is adetquate parking space within the reservation. There are stone fireplaces, with wood already cut, for those who wish to cook lunch. There are rustic tables and benches for comfort while having lunch, and a well of pure water is near at hand.

Exploring this Forest, with its beautiful trails, the program, and the ride homeward at sunset, will make up a most satisfying day.

### Work of Mound Builders

Found in Various States
The remains of the mound builders, as the vanished people who
ence lived on this continent have once lived on this continent have been called, are scattered over most of the states of the central and lower Mississippi Valley, on the sources of the Allegheny, and have been observed away up along the banks of the tawny Missouri, as well as down by the shores of the Gulf of Mexico.

the Gulf of Mexico.

Mounds are most numerous in Ohio, Indiana, Illinois, Wisconsin, Missouri, Arkansas, Kentucky, Tennessee, Mississippi, Alabama, Georgia, Florida and Texas, and are to be found in the western part of New York, and in Michigan and Iowa. Some of the mounds in Wisconsin and Iowa are in the shape of huge animals, and there in one near Brush Creek, Adams county, Ohio, that is in the form of a serpent and more than 1,000 feet long. At Marietta, Ohio, are ancient earthworks that cover an area of about three-quarters of a mile long and half a mile broad. mile long and half a mile broad.

mile long and half a mile broad.

But the most intricate, and perhaps most extensive of the works of the mound builders are those of the Licking Valley, near Newark, Ohio, extending over an area of two square miles. Many of these mounds, notes a writer in the Cleveland Plain Dealer, have been found to contain skeletons, and the appearance of the bones has led some to believe that these remains point to an antiquity of has led some to believe that these remains point to an antiquity of 2,000 or more years. A number of the works were evidently designed as works of defense, others as burial places for the dead, and others again seem to have been constructed as temples or places of worship and sacrifice. Among the remains have also been found numerious implements and ornaments, usually composed of stone, sometimes of copper (always in its native state), and occasionally shell and bone. Curious pottery has been found, often coarse and crude, but sometimes graceful and crude, but sometimes graceful and highly ornamented.

### Tea, Coffee as Beverage, Traced Back to 350 A. D.

Traced Back to 350 A. D.

The use of tea among the Chinese, from whom it has extended to all parts of the world, cannot be traced with certainty any further back than to 350 A. D. or approximately that time. This use did not become general in China until about the ninth century. Tea was introduced into Europe by the Dutch in 1610, says a writer in the Cleveland

Plain Dealer.

How long coffee has been used in Arabia, its native country, is not certainly known. It was introduced into Egypt in the sixteenth century. The first coffee house in Europe was established in Constantinople in 1551. The first person to make it known to western Europe seems to have been Leonhard Rauwolf, a German physician, a great traveler.

Once introduced, the use of this beverage spread rapidly. Coffee houses sprang up in all the chief cities. The first one in London was opened by a Greek in Newman's Court, Cornhill, in 1652; the first one in France was opened in Marseilles in 1671; the first in Paris in the following year. Plain Dealer

the following year.

### Trees Used for Paper

Many kinds of native woods are used in the manufacture of paper. The most desirable species are yellow poplar, basswood, cucumber and aspen. Other trees, such as maple, beech, birch, cherry, gum, butternut, sycamore, elm willow and Jersey scrub pine, are used by most paper mills.

### THE BUSY EVERY DAY LIFE OF HENRY CABOT LODGE JR.

Among Statesmen as a Child, Later Journalism Takes Him to Many Countries and Many Famous Men

life has had a political tinge for even as a child, association with his grandfather, the former Senator Henry Cabot Lodge, made politics and statesmanship part of his everyday life. Since those early days he has continued living in the midst of local, state and national affairs and today his office in the cellar of his home in Beverly is a gathering place for his many local friends. By making his home his office. Lodge manages to see his wife and two sons, George and Harry, age 9 and 6, more than would otherwise be possibleand scarcely a day goes by that he does not find some time for his chil-dren. Besides politics and his family life, Lodge's only hobby is attending training camp, which he does regu-

All of Henry Cabot Lodge, Jr.'s | tation he and Mrs. Lodge proceeded to the White House. There they found Colonel Lindbergh and his mother were the only other guests—the Lodges are still wondering as to exactly why they were picked from the hundreds who would have been

overjoyed to receive this invitation.

When Mr. Coolidge was president
he spent a summer at Swampscott,
and at that time Lodge was deputied to report on the president's activity. The young reporter did his job so well that his work came to the attention of the New York papers—and so he started his career in Washington as special correspondent for the Herald Tribune covering the White House, senate and house, and various other governmental departments—thus had the entire workings of the national government to watch, examine and learn from.

His knowledge of governmental affairs caused the papers he worked

larly as a member of the organized

reserves.

He does a phenomenal amount of speech-making and traveling through-out the state. Since last October he has averaged one speech a day and has traveled 1000 miles a week over Massachusetts roads—consequently knows the Berkshires and the Con-pecticut valley about as well as the necticut valley about as well as the eastern seaboard where he lives. A strong believer in the importance of the personal element in politics, he knew 600 of the 706 delegates to the Republican state convention when it was called to order in Springfield.

Not only does he know his own state and its problems through his service as state representative since 1932, but during the years he served as reporter for Boston's Evening Transcript and the New York Herald Training he went to every section of this country and many foreign lands, having the opportunity of interviews with such people as Prime Minister Mussolini, Marshal Foch and others. In order to see Muscolini one was supposed to havel special introduc-tory papers, but Lodge calmly showed his Transcript reporter badge with Michael J. Crowley's name on it and thus gained admittance past a bewildered guard who knew only that the

dered guard who knew only that the badge appeared official.

Another occasion when Lodge was most fortunate was when Colonel Lindbergh had just returned from his historic flight across the ocean and was taken by a cruiser directly to Washington to have lunch with the President and Mrs. Coolidge. The morning of his arrival the phone rang in the Lodge's apartment and Ike Hoover, social secretary at the White House, asked if they would come to

for to send him to report the national conventions. So in 1924, 1928 and 1932 he attended these party gatherings and through his wide acquaintance with public personalities as well as his detailed knowledge of politics was enabled to present them graphically to his audience. In this pleasant circle, his knowledge of politics gave him interesting opportunities—and his op-portunities enabled him to obtain an even wider background. In 1932 and again in 1934 Lodge

was elected to the general court and served as house chairman of the committee on labor and industry, with an intelligence and lack of partial-ity which gained him the approval of both employers and employees so that agreements were concluded on many principal topics of dispute be-fore the legislature. There were more bills before the committee than had ever been the case before. There were all the elements of a bad-tempered tangle which would hurt everyone. After long night sessions, many rebuffs, and hours of negotia-tions more beneficial legislation was reported than had been the case in any previous year.

Lodge is an earnest, studious man—a cum laude graduate of Harvard of the class of 1923—and at the same time a man who passes with flying colors the test of popularity among his neighbors. He knows his neighbors personally—their children come over and play with his or go swimming in the ocean which comes right up to his back door-he knows people throughout the state in this same personal manner—and knowing them and his state as well as na-tional and international affairs he House, asked if they would come to lunch—at first Lodge thought it was a practical joke, but having been assured of the seriousness of the invi-

### Mutiny on Ships

Mutiny is nearly always accompa-nied by extreme violence, and that is why, in the old days, the skipper of a ship bad about him a few specially cted strong men to deal with an utbreak immediately it was suspected. Terrible atrocities were sometimes perpetrated, and on a Dutch vessel which was blown ashore in 1808 off Ushant, says a writer in Pearson's Weekly, three men were found in irons, with their tongues cut out, their right hands severed, and the stumps sealed

Oddity in Washington
One of Washington's real oddities is the Cuban Urn, presented to ties is the Cuban Ürn, presented to President Coolidge in 1928 by Cuba for erection in Washington. The unusual urn was sculptured from fragments of a marble column that had been erected in the city of Habana as a memorial to victims of the battleship Maine, blown up in the harbor there. The column was later demolished by a hurricane in 1926. The urn stands in a garden near a driveway along the Potomac.

### Young Republicans To Hold Meeting at Newtonville

A big open meeting sponsored by the newly organized Young Republican Club will be held next Tuesday evening in the assembly hall of the Claffin School at the corner of Walnut st. and Washington Park, Newtonville. Judge Jacob Asher of Worcester will be the speaker. He will discuss the plan which was used under his direction in swinging Worcester from a city with a Democratic majority to one with a Republican majority. majority

ROBERT G. LAWRENCE President of Young Republican Club

President of Young Republican Club
President Robert G. Lawrence of
Newtonville ave. will preside at the
meeting. Other officers are Paul
Ross of Bennington st., first vicepresident; Mrs. Frederick P. Walther
of Fair Oaks ave., second vice-pres.;
Miss Marjorie Brown, Harvard st.,
ccrresponding secretary; and John
Arnold of Fair Oaks ave., treasurer.
Under the direction of Frederick P.
Walther, chairman of the membership committee, an immediate memhership drive is planned. Young Republicans of the entire city who wish
any information regarding the club
are requested to communicate with
Mr. Walther or with Miss Brown,
corresponding secretary. A large enrollment is expected due to the great
interest of Newton citzens in the
forthcoming election. For senior
members between the ages of 21 and
40 dues are one dollar per year, or
fifty cents until January first. To
encourage junior memberships
tween the ages of seventeen and
twenty-one the dues are half that
paid by seniors. Both men and
women are eligible for membership.
Plans for a Victory Dance on October 30th are under way under the

ON THE VOTERS

ON THE VOTERS

State, local and county government in Massachusetts are costing you a cool million dollars a day!

In 1910, poll and property taxes in Massachusetts were \$68,599,000.

They mounted to \$142,000,000 in 1920, and to \$225,935,000 in 1934—a staggering rise of 229 per cent.

The state reaches into your wallet for more than 35 different taxes. Mortgage and tax demands have wiped out thousands of small homeowners. One-third of all the property in the state is today foreclosable or foreclosed. Real estate in the Commonwealth has been impaired in value by almost a billion dollars from 1930 to 1934, due to seizure for tax-

value by almost a billion dollars from 1930 to 1934, due to seizure for taxes, foreclosures and other causes resulting from the tax problem. The average tax rate has risen from \$25.42 in 1921 to \$33.38 in 1935.

Responsibility for the appalling costs of government rests squarely on the shoulders of the citizens themselves. They have permitted their government to fall into the hands of politicians responsive to few de-

government to tall into the liads of politicians responsive to few demands save those of personal gain or glory. If citizens must accept the blame, so also must they accept the fact that they hold in their own hands the remedy.

### THE DUTY OF **EVERY CITIZEN**

This is your country, your state and your town, and every citizen should have it constantly in mind that in our form of government voting is not a privilege, not a right, but a duty demanded of very qualified individual in return for his or her benefits of citizenship.

The perennial adversary of the citizen is political greed. To progress as a nation, state or town, the citizen must wage constant war on increasing taxation, excessive and class legislation, government in business and radicalism. And in order to be eligible to take an active part in this battle for preservation—self-preservation if you will—the citizen must

be a registered voter. Events of the past year or so force. fully remind us there is a constitu-tion in these United States which needs the defense of the citizens who know what a sound system of gov-ernment should be. There is a financial standing and credit of govern-ment which must be maintained and defended before it is destroyed by obligations which no government could withstand. There is an industrial system in the nation which would put a political system in the place of it. It is time for all citizens to wake

up. There is a day for work ahead, a day that calls for courage, zeal, and yes—patriotism, wide-awake patriot-

"Coal Trees"

"Coal trees," trees that have remained complete through the ages which turned them into coal, are one of nature's strangest sights. They are found in mines, standing in their normal nesition, and as in their normal position and as perfectly formed as the day they reached maturity, except that their roots, trunks, branches and even their leaves have been converted into black, gleaming coal. — Collier's Weekly.

### **Newton Burglars** Get 7 to 10 Years

Alfred S. Ebel, 29, of 38 Ellis st. Newton Upper Falls, and Walter Ewseychik, 19, formerly of Chestnut st., Upper Falls, pleaded guilty to six charges of burglary in the Middlesex Superior Court at Cambridge on Wednesday and each received a sentence of from 7 to 10 years in State Prison. The pair were charged with breaking into the homes of Charles Collens, 200 Dudley rd.; Tr. Charles Collens, 190 Dudley rd.; Mrs Mary Shaw, 777 Dedham st.; Dr. Frank Balch, Jr., 333 Brookline st.; Harry W. Barrett, 1445 Commonwealth ave.; Harold A. Braman, 10 Dartmouth st. The first four houses are in the Oak Hill section; the last two in West Newton. The loot taken from the houses was valued at about \$250 and included cash, jewelry and revolvers. About half of it has been recovered. Ebel has served a term in Concord Reformatory, and Ewseychik a term at the Lyman Reform School.

Ebel was arrested on September 7, together with John Romanszkiewicz when the pair returned from an automobile tour to Canada. Romanszkiewicz was charged only with the burglary at the Balch home. He had no previous police record. A Boston policeman a few weeks ago came across some of the stolen jewelry in a Boston pawnshop. Newton police were notified and Captain Good, Inspector Crowley and Special Officer Feeley went to work on the case. From a description of the young man who pawned the articles, they suspected Ebel and pinned the breaks onto him and Ewseychik. The latter fied Newton and was arrested at Whitinsville last Friday. ### M & B Gets Bus **Permit From Boston**

President Harry Hanson of the Middlesex & Boston Street Railway received notice yesterday from the City of Boston that a permit has been granted for the company to operate busses over Beacon st. from the Newton line to Cleveland circle. Mr. Hanson then filed an application with the State Department of Public Utilities for a license to operate the busses and a hearing was set for October 7. If the State officials will grant the license, the M & B will then commence to operate busses, probably from Waban through Newton Centre to Cleveland circle.

### Aldermen Argue **Over West Newton Gasoline Station**

Station Would Be On Site of Players Hall

The regular meeting of the Board Aldermen on Monday night was tured by a debate between memsor of the Board over the granting of epetition of the Shell Petroleum mpany for a permit to establish a soline filling station at 1300 Washton st., in the midst of the busiss section. The petition had been sented at the previous meeting of a Board and referred to the Lises Committee. The committee of the petition. The members voting in the majority were Colby, Brockles-by, Schipper, Walker. Those voting to grant the petition were Akins and Guzzi. Alderman Inches of the committee was not present when action was taken.

mittee was not present when action was taken.

Alderman Colby, chairman of the Licenses Committee, said he did not favor the petition because the traffic situation which has been created by the numerous traffic lights adjacent to the locus of the proposed station, renders it unsuitable for such a purpose. Colby said that there are many gas stations already nearby and there is no need for another station. Alderman Cronin said that because the city has made a mistake in locating so many traffic lights near 1300 Washington st., the owner of the property, Bennett Rockman of Nobscot rd., Newton Centre, should not be penalized. Cronin said Rockman has owned the property for 7 years, pays \$1700 taxes on it, to deny him the opportunity to make use of it is confiscation. Cronin said the new traffic lights at West Newton are a nuisance and should be changed.

Alderman Guzzi said that he was opposed to the proposed station at the supposed to the proposed station and supposed station and supposed to the proposed station and supposed station and suppose

should be changed.

Alderman Guzzi said that he was opposed to the proposed station at first, but, after conferring with Rockman, he had changed his mind. Guzzi said that Rockman has done much to improve the West Newton business section by tearing down old buildings and erecting new structures.

Alderman Schipper said he opposed. Alderman Schipper said he opposed he petition for the station because the ocation is bad, there is no necessity or another station in the West New-

Board should be slow to grant permits for gasoline stations as they are necessary evils. Aiderman Hutchinson said that West Newton is indebted to Mr. Rockman, but the city is under no obligation to protect unfortunate investors. He took issue with Alderman Cronin regarding the traffic lights. He said these lights are of great value to pedestrians. Hutchinson, in answer to Cronin, who had implied that President Gammons of the West Newton Savings Bank is favorable to the proposed gas station, said West Newton Savings Bank is favorable to the proposed gas station, said that he doubts if Mr. Gammons favors the station, although he may be willing to have the petition granted. He said the trustees of the savings bank are the ones who should be contacted, and they have not been asked to express their opinions. Hutchinson argued that a large number of pedes-

### **Auto Hits House** In Queer Accident

One of the most peculiar automobile accidents ever to happen in Newton caused a car to crash into the piazza of a house at 503 Walnut st., near Hull st., Newtonville, yesterday morning about 7:30. A bakery truck operated by Alfred Gerauld of Mellen st., Cambridge, was proceeding along Walnut st. when its left rear wheel came off and hit a car operated by Emily Marcom of 1429 Highland ave., Needham. Miss Marcom lost control of the car and it collided with a car driven by Herbert Anderson of Royce rd., Newton Centre. The Marcom car then ran across a sidewalk, travelled over the lawn of Robert Kelly at 503 Walnut st. and crashed under the piazza. The Marcom woman received injuries to her jaw and forehead and lost several teeth. Florence Bigelow of Highland ave., Needham, who was riding with her, received cuts on her head and right leg. They were taken to the Newton Hospital.

trians use the sidewalk in front of the proposed locus for the station, and that two wide driveways would bisect this sidewalk if the permit were granted. He said he is opposed to gasoline stations in the middle of business districts; they should be on the outskirts of such sections. Mr. Hutchinson said that the 360 members of the West Newton Men's Club should be given an opportunity to express their opinions on this matter, and that the Chairman of the Men's Club committee is in Seattle at present. He recommended that the petition either be given leave to withdraw, or held in committee for future consideration. Alderman Akins asked Hutchinson if he would change his view should the trustees of the savings bank favor the station. Hutchinson replied that it would have a bearing. Akins commented that so far as the Men's Club is concerned, the gentleman can stay in Seattle.

A STUDY IN CONTRASTS

A year and a half ago Governor Curley attempted to force the resignation of Chairman Eugene C. Hultman of the Metropolitan District Commission, who by virtue of this office is also Chairman of the District Water Supply Commission. The air was full of charges against the Republican member of the bance from the Metropolitan District Commissioner Hultman was the one member of the Dance of the Water Supply Commission who would not agree to the awarding of the "gift contracts" which have been headline news for some time past. And Governor Curley now turns deaf ear to the several requests for the removal of the two commissioners who were severely criticized by the Democratic Attorney General for their alleged breach of the public trust. The Governor states that he will be lenient with them because picion on conferences in the Governor's statement in which he congratulates himself for having the foresight to order work under the "gift" contracts stopped on September 4th. He apparently failed to remember his statement of some weeks ago when he stated, in contract to this view is that of the Autorney General who hear active the award of the contracts as an "inexcusable waste of public funds."

The contrast between the Governor's views on the matter and that of the ordinary citizen and taxpayer are in such conflict that if common sense dictates the marking of ballots the retirement of Governor Curley from political life is more certain every day.

\*\*ONE LESSON FROM THE DEPRESSION\*\*

Despite the fact that unemployment is still prevalent to a large degree, it is extremely difficult to find persons for employment who are capable of doing the work required. During the early years of the depression many industrial concerns abolished the methods they had been using to train employees for skilled work because of the cost involved in maintaining such departments. In many other ways the apprenticeship and training of prospective employees has been greatly reduced or abandoned altereather. The result has been that that of the ordinary citizen and taxpayer are in such conflict that of the ordinary citizen and taxpayer are in such conflict. Hickey the need for them develops and consequently some industrial concerns have found it impossible to complete large orders within a reasonably short time. If such orders could be promptly filled the unemployment rolls would be reduced, additional purchasing power would be released and the effects of it felt much sooner than is possible under present conditions. The need for constant training of skilled workers is one of the many things that the depression has taught us.

It Make: Business

The custom of surrounding one's property with a fence is becoming more popular, I am credibly informed. It doesn't surprise me either when an extensive wire fence is set up around even a modest residence. Children, for the most part, but grownups as well, have an idea that they may cross a lawn for convenience's sake or establish a beaten path through somebody's yard to reduce their running between home and the stores. I talked it over with a man whose business it is to construct fences. He finds himself more frequently called upon than ever. The number of people who just can't see why everybody should want to make a thoroughfare of their lawn is increasing.

### Challenge To Vote Given Clubwomen

It will be recalled that last June there was announcement in this Club Department of several opportunities for young people in Scholarships given Ever since women were granted the right of suffrage in 1920, the General Federation of Women's Clubs has con-sistently taken the position that with through the clubs as a courtesy to the State Federation of Women's Clubs he conferring of the privileges of cit cenship came the obligation to as

through the clubs as a courtesy to the State Federation of Women's Clubs.

On Saturday, September 19th, one of the awards in Scholarships was formally announced. Among the eight contestants in the finals on that day, Newton clubwomen will be glad to learn that two—a young woman and a young man — were of Newtonville. While we are sorry that neither of these won first place in the contest, they are to be congratulated that their ability and presentations were of sufficient high quality to have given them a place in the finals. One can not tell what this may lead to for them, and we hope it will bring them some reward, perhaps now unexpected.

Allan Stevenson, Jr., 18 years of age, of 29 Bancroft rd., Wellesley Hills, won the scholarship for a three-year course at the Bishop-Lee School, offered through the State Federation of Women's Clubs. The contest was staged at the School, which is devoted to work of the theater and the spoken word, and is located at 73 Mt. Vernon st. Eight young men and women chosen from as many Women's Clubs.

He conferring of the privileges of cit is enship came the obligation to assume a proportionate share in the responsibilities of government.

Mrs. Roberta Campbell Lawson, president of the General Federation of Women's Clubs, who has left Washington to address the annual conven tions of several State Federations is carrying a ringing message to the women of America to rally around America, its institutions and tradi-tions, and to leave nothing undone to preserve them in their finest form for future generations.

chosen from as many Women's Clubs in Massachusetts participated.
Stevenson presented "Winterset," and was the unanimous choice of the judges for the prize. He was graduated from Wellesley High School in 1935 and never participated in dramatics until his senior year.

Miss Marjorie Adams, of Sagamore, and George Kenngott, of Newtonville, were chosen as alternates. The other five in the contest were Muriel Curtis, of Stoughton; Betty Worthen, Dorothy Larson, of Woburn, and Gladys McGill, of Newtonville.

Judges were Marjorie Mills and to preserve them in their finest form for future generations.

"Our country was founded for Americans," said Mrs. Lawson. "Through generations we have believed America sincere, and if we wish to preserve it each and every one of us must do his true Americanduty. To me our glaring failure as citizens is not failure to build up wealth, or failure to be spectacuiar in world affairs, but it is a slipping away from the spiritual ideals of our forefathers. If we can rebuild that helwark, no outside delusions will renetrate our minds. We are told that there are 6,000 agitators in our country today speaking disparagingly of our government and that these agitators already have 20,000 followers. Even with these distressing figures I refuse to be discouraged. Surely those who have enjoyed the freedom and the protection which our great democracy offers must see the light, and return to the fold of sanity and safety." Judges were Marjorie Mills and Thomas Chase of the Herald-Traveler; Miss Marjorie Shepherd, representing the Women's Clubs, and of Malden; Frances Segal, of Boston, and David Adkins, chairman of the Massachu-Hosts to the contestants and their friends at a tea which followed were Emily Perry Bishop, president of the School, and Adele Hoes Lee, treas-

And at this time when Mrs. Lawon warns of the agitators with 20,000 followers seeking to tear down our country, clubwomen and all good citizens will do well to oonder her ringing words spoken ast April 29th over a National Radio broadcast, from Miami:

"Personally, I have absolutely no patience with anyone — man, woman, or child—who refuses to salute the flag of the United States or to take the Oath of Allegiance whenever the privilege is offered. These acts are symbolic of thanks-giving for the privileges in these United States."

And Mrs. Lawson concludes her first fall message to the clubwomen of the nation thus:

"Women have always been the center of things in the home and in spiritual affairs, and today our responsibilities are far greater than of To all persons interested in the estate those of our mothers and grandmothers because today we have the ballot. Our franchise privilege is one of our most precious possessions, I beg of you make use of it come next November."

### Newton Men In **Grange Debate**

Mr. Louis B. Talbot of the Campbell Hardware Store, won the competitive debate for the affirmative side on the subject, Resolved: "That the Railroads are More Necessary Than the Auto or Airplanes." The debate was held at Reading last Wednesday night.

nesday night.

Mr. Clinton Wilson, of Newton, supported Mr. Talbot in the rebuttal following the debates of the opponents, who were representatives of the Reading and Melrose Granges. The speakers from Reading supported the auto argument while the speakers from Melrose defended the airplanes. from Melrose defended the airplanes.
Mr. Talbot, who is past master of
Waitham Grange and Mr. Wilson, its
present master, represented their
Grange. They donated the winnings
of the debate, a sum of money, to
the Waitham Grange.
Mr. Talbot has always been interested in debating. He is Past President of the Mechanics Debating Club.
